Response to Amendment

1. In response to the office Action filed February 14, 2007, applicant has submitted an Amendment, filed July 16, 2007 with arguments concerning independent claims 1 and 5. Applicant has clarified the novel and non-obvious subject matter in the independent claims and is deemed allowable subject matter.

Allowable Subject Matter

2. Claims 1-8 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As to claims 1 and 5, there is no prior art reference, alone or in combination that teaches or fairly suggests a adjusting an LSP so that a distance between linear spectrum pairs of adjacent orders closer in distance becomes even closer. Asghar et al. (US 6,032,1116) teaches measuring the distance between LSP (column 2 lines 11-15) and adjusting the pairs (column 5 lines 19-25). Cox et al. (US PG PUB 2002/0046021) also teaches calculating distances of LSP and adjusting the pairs (paragraph [0010]). However, none teach or suggest measuring the distance of the LSP

then adjusting specifically the LSP that are determined to be close to adjacent LSP so that they are even closer in distance.

Claims 2-4 and 6-8 are allowed because they further limit their parent claims, which are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
